

Cleanroom Sterile Tape

Adhesive Tape & Labels for Critical Environments

Construction

UltraTape Construction tapes are designed for critical environment construction and support applications. They can be used for hanging heavy plastic sheeting to create temporary walls, taping cart wheels and ductwork, floor marking, and color coding. Use the colored, striped hazard warning tapes to designate the OSHA critical areas in cleanrooms.

UltraTape 1160 Vinyl Medium Adhesion

A vinyl tape with medium adhesion. This easy release tape is useful for maintenance and construction use. Tape can be written on with pen and provides a strong bond without leaving adhesive residue.

Colors: Black (BK), Blue (BL), Clear (CL), Green (GR), Orange (OR), Red (RE) White (WH), Yellow (YE).

1160

Backing

Vinyl

Adhesive

Rubber

Total Thickness

6.0 ± 0.7 mil

Adhesion to Stainless Steel

22 oz/inch minimum

Operating Temperature

-20° to +190° F

Elongation at Break

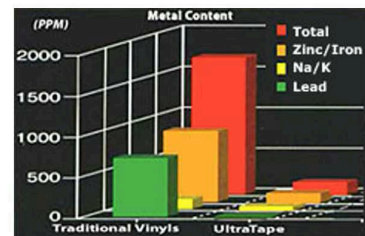

150%

Tensile Strength

18 lbs/inch

Length

36 yards

**STERILE
Double Bagged**
